

TASK CARD T3: How to open forum website

Android

This task shows you how to access our forum website so you can check on dates of upcoming events, look at photos from our coach trips and find downloads of our newsletters

Tap Google icon to open Google. You can easily download the Google App if you don't yet have it. On the Home screen below, there's also a Google search box!

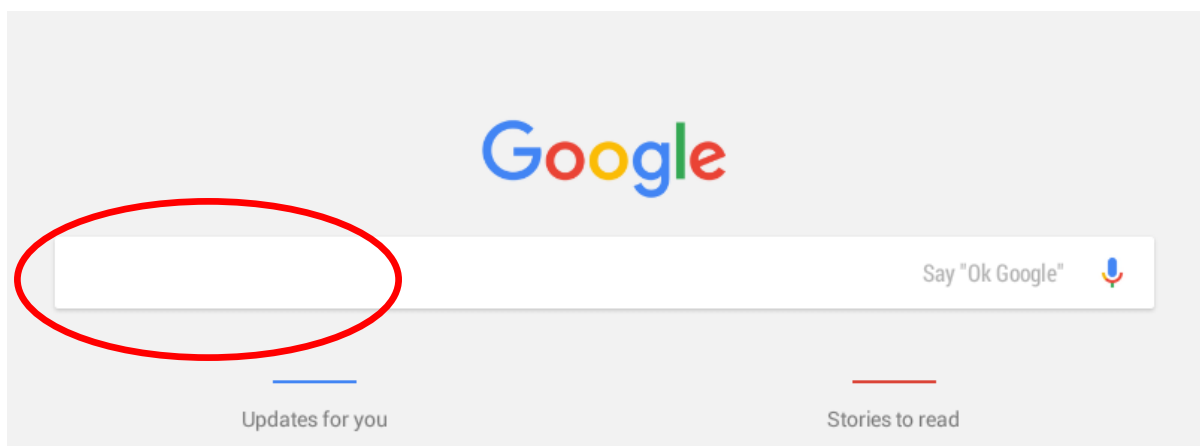

1

2

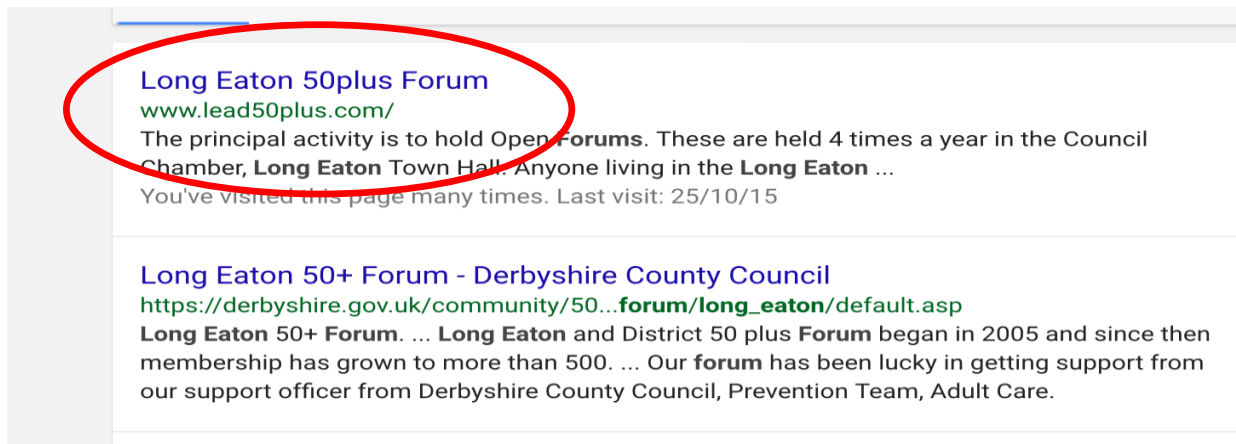

Type long eaton forum in the Google box and tap SEARCH

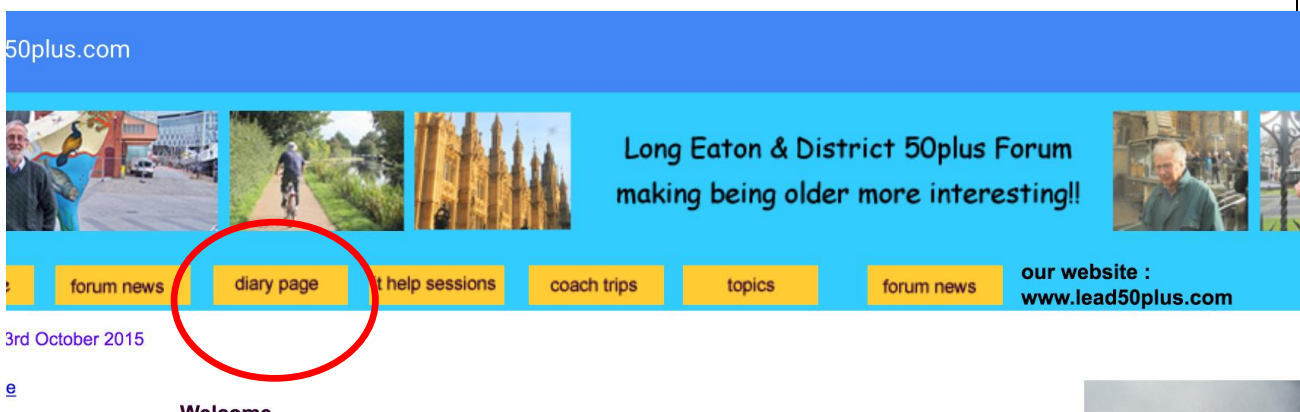

3

Find Long Eaton 50Plus Forum from the list of possible websites and tap

4

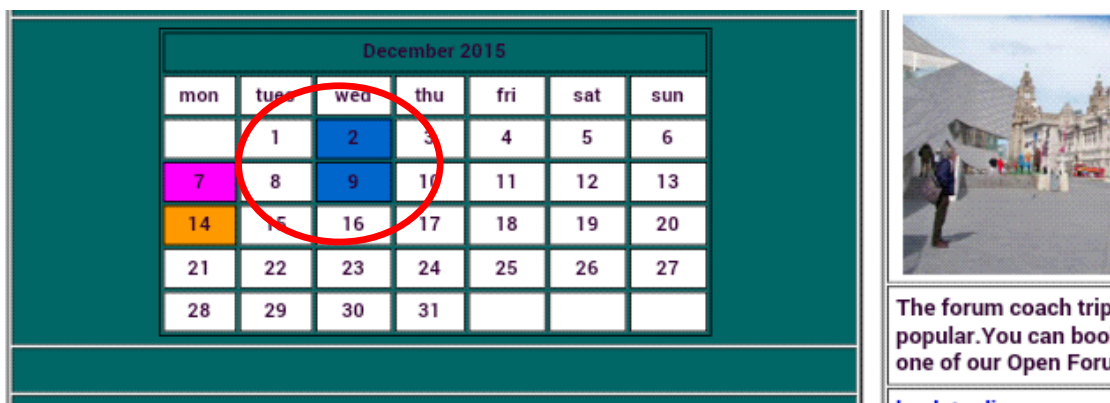

Site should now be open!

5

Tap on diary page tab and scroll down to find date you want astro course say.

The website is regularly updated so you will get something different from below!

There is another task card for finding your way round the website
